

**WARRANTY AND LIMITATION OF LIABILITY AGREEMENT  
AGRICULTURAL EQUIPMENT**

**The New Holland Warranty**

The New Holland Warranty is a limited warranty that is provided to the initial retail purchaser in return for consideration paid as part of the purchase price of the product. The selling dealer must review the warranty coverage with the initial retail purchaser and obtain signature on the reverse side of this document.

**New Limited Warranty**

The warranty described here is from CNH America LLC and in Canada, CNH Canada Ltd., both of which are referred to in this brochure as "New Holland". This warranty is for New Holland products sold and registered in the United States or Canada and normally operated in the United States or Canada. This warranty does NOT apply to any product normally operated outside of the United States and/or Canada, or to any unit purchased outside of the US or Canada and imported in for any reason other than a customer relocation/personal move.

**Warranty Period**

For the products listed below, the Warranty Period for all coverage begins at the time that any person, dealer or agent first places the unit into service. At the latest, a unit is considered to be placed into service when purchased or delivered to a initial retail purchaser. Certain demonstrator, rental, lease, and other used units may be eligible for a portion of a new unit warranty. The availability of the remaining portion of a new unit warranty does not mean that a unit is new or unused. The Warranty Period ends when either the month or machine hour limit is reached, whichever limit occurs first.
