

New Municipal Financing Program

Now for any municipal sales in the pipeline you can offer a municipal financing program through [National Cooperative Leasing](#) (NCL). NCL is the only Sourcewell awarded contract vendor offering municipal financing to the cooperative membership.

Features	Benefits
Flexible payments for budget alignment	A shorter sales cycle for every Sourcewell quote to purchase transaction. It's fast and easy. You get paid now! 1 st payment can be pushed out to align with their budget calendar.
Sourcewell awarded contact for government financing	Higher close rates for every Sourcewell submitted quote. Agencies want to ensure both product and finance options are compliant with state regulations. This is all we do!
Tax-exempt Municipal purchase	Offers immediate ownership of the equipment with a budget friendly payment schedule. This government only program combines the benefits of a low monthly/yearly payment of a lease and the product ownership of a loan.

The power of cooperative purchasing now stands even stronger. Clients can purchase the highest quality equipment on the market with a competitively bid TIGER CORPORATION contract and to eliminate budget concerns, you can offer a competitively bid financing program through NCL.

Tiger Corporation + NCL = Success

(#052471-TGR)

(#032615-NCL)

If you have a quote that will benefit from this Municipal financing program please contact the NCL Sales Executive below to help close the deal.
