

▶ **GET THE EQUIPMENT YOUR DEPARTMENT NEEDS**

- Budgeting for finance payments is infinitely easier than trying to tackle the entire purchase amount
- Purchase all of the equipment your department needs and include soft cost rather than phasing your purchase

▶ **BUDGETARY CONSTRAINTS**

- Prices remain high while budgets are being stretched
- Utilizing a tax-exempt municipal lease increases your purchasing power as much as 7X using your existing operating budget
- Our financing solutions allow for deferred payments up to 12 months and extended terms to assist with longer lead times

▶ **POWER OF THE CONTRACT**

- NCL holds an exclusively awarded Sourcewell contract for financing which pairs with your state or other cooperative contract(s) ensuring the entire transaction satisfies bid requirements
- Working with NCL provides a turnkey solution saving you time and money on your equipment procurement

**EXPERIENCE YOU CAN COUNT ON**

For over 20 years, NCL Government Capital has specialized in the government leasing and finance industry. We provide the purchasing power departments need to fund equipment purchases they need and keep their community moving forward.

*“ NCL Government Capital is a valuable resource for Wappingers CSD ... working with the staff at NCL has been very easy ... the entire process is painless and the rates are always competitive and satisfy bid requirements “*

*Barbara Mackson* - Purchasing Agent Wappingers CSD
