Genuine Tiger OEM Parts

Since 1968, Tiger has engineered and manufactured Tiger products that meet ASTM safety guidelines. Contact your local Dealer today and ask about purchasing a Tiger mower or Tiger OEM parts. Our parts last longer, are more durable and designed and built to fit your Tiger mower perfectly.

Tiger Mowers wants to remind everyone that the use of genuine Tiger replacement parts will keep your Tiger equipment productive with the least amount of downtime. Tiger authorized Dealers are the only locations to purchase genuine Tiger parts. Standard warranty is one year unless extended warranty is purchased prior to delivery, the warranty requires the use of genuine Tiger parts or the warranty may be void.

Attack tough Roadside
vegetation with the
power of a **Tiger**

DURABILITY **INNOVATION**

COMMITMENT

Wheel Loader Boom

Wheel Loader Booms come in several sizes. Easily attaches to front of Wheel Loader.

Triple Threat

Cover large areas quickly with the Triple Threat pull behind Flail mower. Complete self contained unit. Connect to any tractor.

Truckat

Truckat is a Boom Mower mounted to a HD truck bed. Cuts brush and grass, then drive quickly to your next job site.

Claw

Tiger Claw is engineered to reclaim aggregates from your road side.

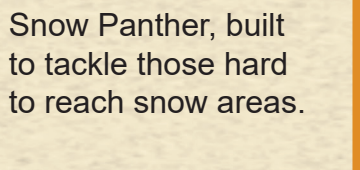

Ditcher

Ditcher can be mounted to most side mounted mowers.

Growler Mulching Head

Mulching attachment built to cut 10" material. Can be connected to most Tiger booms.

Snow Panther, built to tackle those hard to reach snow areas.

Snow Panther

Saw Blade

Saw Blade provides a smooth pleasing cut. Mounts to 50" Rotary head.

WetCut attaches to Rotary or Flail head. Gives you the ability to deliver herbicide for grass and weeds while mowing.

Wet Cut

Boom

Bengal Booms - Rotary or Flail head in several sizes and Boom lengths of 18' to 24'.

Saber Booms - Heavy Duty booms with total reach of 25' to 30'. Rotary or Flail heads.

Wildkat operates like a side mower with the reach of a boom mower.

3 Point Boom

RBF Series Rear Boom Mowers attach to 3 point system on rear of tractor.

RBF 2C Series - designed with a 90° transport position and 50° degree below horizontal working position for steep slopes.

For bigger jobs, look to the Tiger RBM 16 and RBM 20 Series. Up to 20' reach with Rotary or Flail heads.

Rotary

TSR Series domed top rotary cutters help to shed debris while cutting vegetation.

Twin Rotary Mowers come in 60" and 72" sizes for side and 60" rear.

Trailkat pull behind mowers come in 10' and 15'. Built for performance and durability.

Flail

Tiger Flail mowers are built at the highest standards giving you that perfect groomed cut.

Super Duty series for compact tractors. Extreme Duty series for utility tractors.

Triple Flail comes in both Extreme Duty and Super Duty models. Designed to cover large path areas.
