

TruckKat

MOBILE INNOVATION

The Tiger TruckKat Boom Mower is crafted from premium materials and designed with ultimate freedom in mind. This means you can travel to and from job sites at standard road speeds, and once there, leverage the latest advancements in boom mowing technology to handle even the toughest tasks effortlessly. Now available with 18' and 22' booms, offering greater reach and power.

Tiger Features

Productive. Efficient. Cover large areas fast..

Tiger has successfully engineered a fully operational boom mower mounted on a truck that complies with legal road limit restrictions. This ensures operators can travel on any road or highway without requiring special permits.

The TruckKat has a total width of just under 8' 6" and a maximum boom height of 13' 5" when boom is in the stowed travel position.
